Leveraged Support

Introduction to Leveraged Support

Definition:

- Leveraged support is financial support from the City of Cincinnati to an external organization:
 - 1) as general operating support to fund their work in the City or
 - 2) as funding for a specific program aimed at addressing a public need in the City
- This does not include City funding of third parties to perform elements of City Operations — managing city-owned assets or programs.

Eligibility Criteria

Minimum eligibility criteria and request parameters are as follows:

- **The applicant must be an existing organization** that has a three-year track record and must provide three years of audited financial statements or three years of filed federal tax returns and must not be debarred from contracting or subcontracting with the City.
 - Start-up organizations are not eligible to apply and should instead apply under the City's Boots on the Ground program (<https://www.gcfdn.org/rfp/>)
 - Applications requesting funding for new programs of existing organizations are acceptable.
 - Capital projects are not eligible for funding under this initiative. The focus is to support operational and programmatic expenses that directly impact Cincinnati residents by addressing a public need or service gap.⁴
- **Funding requests should be between \$50,000 and \$500,000.**
 - Only in extraordinary circumstances will an award be granted in excess of \$500,000.

Funding Categories

Each category is designed to show priorities within the community and how the City is addressing these needs.

1. **Arts:** Initiatives that promote, enhance, and provide access to the arts and cultural activities.
2. **Environment:** Initiatives that protect and enhance the natural environment, promote sustainability, and address climate change.
3. **Equity and Inclusion:** Initiatives that promote diversity, equity, and inclusion within communities and organizations.

The **Economic Development and Neighborhood Support** category is no longer part of the competitive Leveraged Support application process. Additional funding opportunities related to this area will be announced at a later date.
