Workforce agreement funding history

Original agreement (May 2025): $250,000 • First amendment (August 2025): +$500,000 • Second amendment (2026): +$450,000 • Total authorized: $1,200,000

Publication note

Amounts represent a mixture of funding authorizations, contract ceilings, purchase orders, invoices and proposed awards—not necessarily actual payments. The FY2024 and FY2025 Leveraged Support amounts remain subject to reconciliation. The $49,999 Municipal Investment Fund entry is a proposed direct award. Federal grant funding administered through the City should not be described as City General Fund spending. Amendments to the workforce agreement are included in its $1.2 million total and are not counted separately.
